**VALLEY BETWEEN  
METZ AND VERDUN  
IS WORLD WAR KEY****French Senator Says Ger-  
mans Want Verdun to Pre-  
vent Metz Attack.****LOSS CAUSES IRON IMPORTS****Possession of Briey Basin Enables  
Germany to Add 21,000,000 Tons to  
Iron Production; Tenuous Fall to  
Reckon Dead Man Hill Positions.**

By Associated Press.

PARIS, May 12.—Two attempts by the Germans last night to recapture positions on the western slope of Dead Man Hill taken by the French on May 10, were frustrated by the French artillery fire. Artillery is active about the Avoncourt woods and the bombardment in the Douaumont-Faex section continues, according to the official war office report issued today.

Senator Herenger writing in today's Matin says that the key to the war lies in the possession of the Briey Valley between Verdun and Metz.

"Since the war began," says Senator Herenger, "France has lost the output of the Briey basin has been obliged to import almost all the iron required from England and America, while Germany having occupied the whole Briey valley is able to add 21,000,000 tons to her own annual output. This explains the assiduity of the Germans at Verdun. They want to capture the fortress so as to effectively prevent the French from attacking Metz."

"In a confidential memorandum addressed to Chancellor von Bethmann-Hollweg on conditions of future peace by German Industrial and Agricultural Association on May 25, 1915, the following passage occurred: 'Of the production of iron and steel had not doubt since August, 1914, the continuation of the war would have been impossible. The Briey region now produces 60 to 80 per cent of our iron and steel and that production was hampered the war would be practically lost.'"

**ASQUITH IS DUBLIN.**

DUBLIN, May 12.—Premier Asquith arrived in Dublin today and was taken in an automobile to the Vice Regal lodge. The premier's program for the day was first a conference with departmental chiefs and afterwards consultation with General Maxwell in regard to the military situation which is well in hand.

**BOY-ED DECORATED.**  
LONDON, May 12.—A Central News dispatch from Amsterdam says that Captain Carl Boy-Ed, former naval attaché at Washington, has been decorated with the order of the Red Eagle by the emperor.

**SENTIMENT FOR PEACE.**  
NEW YORK, May 12.—Samuel S. McClure, the publisher, who arrived from Copenhagen last night on the steamer Oceanic, said that he found a sentiment for peace only in Germany and Austria.

"I have visited all the belligerent nations and did not find suggestion of peace anywhere except in those countries, where the people desire it for commercial reasons only," said Mr. McClure. "By that I mean they wish to renew their business relations with nations and not because they fear defeat."

**AUSTRIAN SHIP TORPEDOED.**  
BERLIN, May 12.—The Austrian-Hungarian passenger steamer Intevink has been torpedoed and sunk by an enemy submarine in the Adriatic, says an Overseas News Agency announcement today.

"The steamer was not armed and was torpedoed without any warning whatever."

**CLARKSBURG MAN WOUNDED.**  
OTTAWA, May 12.—Sidney Atkin of Clarksburg, W. Va., mentioned among the wounded in the Overseas campaign that he was last night by the military department.

**POLICE TRAIL ASSAILANT****Several Negroes Arrested as Suspects**

The police yesterday afternoon received a call from Dunbar that the negro who attacked Mrs. J. M. Rosenblum at her Snyder street home yesterday morning was headed towards Wheeler. Chief of Police J. B. Rottler, accompanied by Patrolmen Tull and McDonald and Constable Fred Bass, in an automobile, started for Wheeler.

Two negroes were seen running across a field and the officers gave chase. When the men were caught they told the police they thought they were going to be arrested for walking on the railroad tracks. The men were taken to the Rosenblum home but could not be identified by Mrs. Rosenblum as her assailant. They gave their names as Thomas Bradford and Willis O'Neil of Washington, Pa.

The police later in the morning received word that a negro thought to be the one wanted here, was in Uniontown. The officers there are on the lookout for him and every effort is being put forth by the police to effect his arrest.

After police court this morning David Bradford called at the police station and said the negro was in town walking up Main street. The police accompanied him to a hotel but the negro was not the man wanted.

**YOUNG MEN OF CITY MAY  
GET A CHANCE AT MEXICO****If Order for Border Duty Is Received  
Strength of Company D Will Be  
Raised to 150.**

The young blood of Connellsville that yearns for a sight of Mexican creosers and the excitement of camp life may have a chance to get a trip to the border of that country if conditions in Mexico do not become better. The Pennsylvania companies may be called any moment and all are ready to be mobilized at the receipt of the order.

If the Pennsylvania militia is called out the companies will have to be recruited to 150, the fighting strength. It will be necessary for Company D to add about 100 men to the number now enlisted. Any persons wishing to go to Mexico in case of the militia is called out are requested to send in their names to Captain J. C. Herwick. Then when the order is received he can mobilize the entire number.

A recruiting station will be opened here if the full fighting strength of the company is not reached before an order for border service is received. However, Captain Herwick would like to have as many men as possible enrolled when the men mobilize.

In and about Connellsville there are many who express a desire to go to Mexico and some members of the company are not backward about saying it would satisfy them to get the order.

Company D could be mobilized on shorter notice than ever before. When the company was ordered mobilized for service duty some members did not arrive immediately but it would be easy to get a line on them now.

**START REMOVAL OF SEVENTH  
STREET SCHOOL FURNITURE****Building Will Be Sold at Auction;  
New Structure Will Have Gymna-  
sium and Swimming Pool.**

The work of removing the furniture and blackboards from the Seventh street school began this morning. The pupils having vacated the building yesterday. The goods will be stored in one part of the building now occupied by the Fayette Product Company on Main street, West Side. The furniture is also being taken out and put away in the storeroom and by Saturday the building will be ready for sale.

Court Crier Charles Fee will be the auctioneer and he will sell the structure to the highest bidder. There is much good lumber in the building, and it is really worth \$1,000. There are four large rooms in the building.

Immediately after the building is sold the purchaser will have it torn down and removed from the premises. The building is frame which adds more to its value in a sale.

The new brick school building to be erected on the West Side will go up on this lot. The building will be a combined gymnasium and swimming pool and there will be enough room to accommodate the West Side scholars. The pupils of the Seventh street school are at present having half-day sessions in the Greenwood school. The regular Greenwood pupils go in the morning and the others in the afternoon.

**CASE SENT TO COURT****Johnson Is Arrested on Assault and  
Battery Charge.**

Dennis Johnson, colored, was given a hearing before Alderman Eugene C. Donovan of the West Side, last evening on a charge of assault and battery. He was arrested by Sheriff Lewis, another negro. Lewis says that he went into Johnson's restaurant yesterday to see a friend and was waiting for him when Johnson ordered him out.

Lewis says he complied with Johnson's order but when he was standing on the step the latter hit him in the jaw, cutting his lip. Johnson refused to settle and the case was sent to court.

Attending Railroad Convention.  
C. C. Berkey and E. E. Coleman are attending the annual convention of the Railroad Conductors in session in St. Louis, Mo. Mrs. E. B. Bower is representing the Ladies Auxiliary of the city. Mrs. Sarah Dull, also a member of the auxiliary, will leave for the convention in a few days.

**CHARLEROI MAN CANDIDATE  
AGAINST PRESIDENT WILSON**

When Edward Callaghan announced his intention some months ago to become a candidate for President of the United States, his declaration was not seriously taken even by those who are intimately acquainted with him. With him the matter has been no idle jest. He is now a real candidate with his name on the official ballot of a state where voters have the opportunity to express their presidential preference. Under the broad provisions of the state-wide primary election laws of West Virginia the ambitious legislator has secured a place for his name on the ticket as a contestant against Woodrow Wilson for presidential honors.

Callaghan is best known in the Connellsville coke region as the "Shoemaker Orator," a sobriquet conferred upon him while he was serving as a member of the legislature from Westmoreland county. In this capacity he attracted considerable attention by his

iontown Tomorrow.****EXPECT TO MAKE GOOD SHOWING****About 12 Men Have Been Entered by  
Coach H. M. Springer; Athletics Go  
on Penny Train Tomorrow Morn-  
ing; Students Will Attend Also.**

The Connellsville High School will be represented by about 12 men in the track and field meet to be held tomorrow at the Oak Hill estate of J. V. Thompson in Uniontown. The meet is the first to be held by the Fayette County Athletic Association and there are 11 high schools in the county entered in the meet.

An effort had been made to have the meet held in this city but the school authorities could not assume the risk of holding the affair on a field that was not surrounded with a fence. Although Connellsville and Uniontown are both in the meet it does not mean that athletic relations between the two schools is to be resumed. The meet is not being held between the two schools but by the athletic association of which both schools are members.

The local boys are entered in every event and it is expected that enough points to make a good showing will be piled up. Sneak and Meyer who are entered in the shot put and discus throw are expected to show up among the winners.

The points are awarded as follows: For first place five points; for second, three; for third, two; and for fourth, one. Not more than three students from one school will be entered in the events. The athletes competing will leave on the 10:15 train over the Pennsylvania railroad in the morning.

Among those who have been entered in the lists are Sneak, Meyer, Bowman, Horner, Miller, Strong, Delbert, Davidson, Martray and Waggoner.

A number of students have signified their intention of attending the meet. As this is the first thing of the kind that Connellsville has ever participated in, that was close enough to home to allow the rooters to attend. It is probable that a good portion of the school will be present to back up the boys. The events begin at 1 o'clock.

Two of the local faculty, Paul Saunders and S. J. Foley will be officials at the meet, representing the local school. It is likely that the most rivalry will be between Dunbar township, Connellsville and Uniontown. The three schools all have good men and it will be a close chase. Henry of Dunbar township's athlete who is entered in almost every event.

**RAILROAD MOTHER'S DAY****To Be Fittingly Observed by Em-  
ployees of Baltimore & Ohio.**

Mother's Day will be fittingly observed by the employees of the Baltimore & Ohio railroad next Sunday, in accordance with the wishes of the management as set forth in a circular issued from the general offices, calling attention to the occasion on which this mark of respect is paid to mothers, whether they be alive or deceased.

The spirit in which the railroad employees enter into the movement is indicated by a callboy connected with a large eastern terminal of the Baltimore & Ohio, who has volunteered to supply a carnation to each member of the train crews he summons to duty on Mother's Day. The flowers, which the caller will distribute are grown at his home.

Passengers on Baltimore & Ohio trains will be given an opportunity to pay this mark of respect to their mothers, as it is planned to decorate the dining cars with carnations and distribute the flowers to the guests.

**Gets a Badge.**  
Assistant Chief of Police W. B. Powers last night received a badge for his position on the police force which was originated by the new council. The badge is engraved, "League of Police." It is of silver and the letters are silver.

Callaghan is best known in the Connellsville coke region as the "Shoemaker Orator," a sobriquet conferred upon him while he was serving as a member of the legislature from Westmoreland county. In this capacity he attracted considerable attention by his

action in returning to the Pennsylvania railroad an annual pass over its line, a pass which had been ordered by all members of the General Assembly. Only scarcely less radical action on his part was the introduction in the legislature by him of a resolution, to dispense with the formality of opening the daily sessions with prayer.

**Miners' Scale Ratified.**  
JOHNSTOWN, May 11.—By a vote of 22,337 to 14,703 miners of the Second District of United Mine Workers of America today ratified the Philadelphia scale which means that approximately 170,000 miners of the Central Pennsylvania district will not strike.

**Fall of Slate Fatal.**  
Richard Owens, aged 30, a miner of Roscoe, died yesterday from injuries sustained in a fall of slate in the Vesta mine at California.

**THIRD DAY REQUIRED FOR  
HEALTH BOARD CLEAN UP****Men and Teams Again at Work on  
South Side and West Side Today;  
Financial Report Next.**

Although the Board of Health was in hopes that the cleaning of the city could be completed in two days it was necessary to put teams to work on the South Side and West Side again today. A number of the teams of one contractor had to be put to work on his own jobs, leaving only two for the authorities. In the South Side a team and four men are working and the same on the West Side.

The Greenwood district and part of the hill on the West Side were finished this morning and this afternoon it is expected that the remainder of the hill will be gone over. On the South Side the work can also be finished up by evening.

No report of the amount of money collected in the different sections of the city has yet been made. On the West Side \$15 was collected the first day and \$16 the second, which broke even with expenses. If other sections of the city break even council will not have to spend any of the \$120 set aside for the movement.

The sections of the city comprising the first, second and third districts have all been cleaned. Hundreds of loads of refuse have been hauled to the two dumping places.

The Board of Health considers the clean-up a success despite the difficulty in securing labor and covering the city. Citizens in most cases co-operated readily and many lots were cleared of refuse. Some persons cleaned so much rubbish from vacant lots that it was necessary to pay \$2.50 and \$3 to get it removed.

**ANOTHER MEXICAN RAID****Bandits Reported to Have Burned  
Town of Lochiel, East of Nogales.**

By Associated Press.  
TUCSON, Arizona, May 12.—Mexican bandits are reported to have raided and burned the town of Lochiel, east of Nogales today.

**POLARIS IS RAIDED.**

TUCSON, Mexico, May 12.—Bandits are reported to have raided Polaris, a mining camp seven miles below Lochiel on the border yesterday. Driving out the Americans who escaped to Nogales in automobiles. Colonel Sage, commandant at Nogales, sent a company of infantry and 20 cavalrymen to guard Lochiel, Washington camp, and other towns on the American side.

**WAITING FOR INSTRUCTION.**

WASHINGTON, May 12.—Blasco Arrerondo, General Carranza's ambassador, said today diplomatic relations would not be resumed until he had been instructed. It was thought probable that General Carranza would communicate to him the results of the border conference.

Belief was expressed at the Mexican embassy that Generals Scott, Funston and O'Keefe were in accord on several important subjects when the conference was concluded. It was indicated that the effect of the conference would be shown in the future operation of American and Mexican forces against the outlaws, although no further written agreement has resulted.

**NO CHANGE IN POLICY.**

WASHINGTON, May 12.—Secretary Baker announced today that his cabinet meeting had no change in the Mexican policy had been decided upon. No new orders for militia organizations to go to the border were in contemplation, he said, and indicated that no general intervention in Mexico was being thought of at present.

**SCOTT AND O'KEEFE FAID.**

WASHINGTON, May 12.—On receiving word today from Major General Hugh Scott that the border conference with General O'Keefe had been closed without agreement Secretary Baker announced that he had directed General Scott to return to Washington and General Funston to return to his headquarters at San Antonio.

**UNLICENSED DOGS  
WILL BE KILLED  
AFTER JUNE 5TH****County Commissioners Give  
Notice to Owners of  
Canines.****OTHER COUNTIES MORE DRASTIC****In Westmoreland, Indiana and Wash-  
ington Commissioners Impose Pen-  
alty of \$2 on Constables for Each  
Dog Not Killed; Garden Invaded.**

The Fayette county commissioners have given notice that after June 5 township constables and the State constabulary will kill all dogs in the county that don't wear license tags, regardless of whose property the canines may be on. Citizens' co-operation is asked in reporting to the commissioners' office all unlicensed dogs running at large in any section of the county.

In giving ample notice to dog owners the Fayette county commissioners have been more lenient than the tax-paying authorities in neighboring counties where the unlicensed dog question is one of absorbing interest. In some other counties the commissioners have taken drastic measures to enforce the dog law.

The commissioners of Indiana county have decided to enforce to the limit the law which requires constables to kill all unlicensed dogs and those failing to perform this duty will be fined. Under the law constables are paid \$1 for each dog killed and fined \$2 each for all dogs neglected in this manner.

In Westmoreland county the commissioners have refused to pay constables' fees, including what they are entitled to for making quarterly returns to court, unless they make affidavit that all unlicensed dogs in their districts have been killed. There are 95 constables in the county and only six were willing to make the required affidavit. It is probable that the matter will be taken into court. Gus Hoffman, constable of Mount Pleasant township, reported having slain 100 canines, but declined to swear that he had killed all those without a license in his bailiwick.

"Then" it became necessary to collect the taxes on dogs or kill them. Constable John H. Worrell of Bellefonte, promptly wrote out his resignation, after he had positively refused to kill the animals. A few constables in other counties, it is reported, took similar action.

Between 25 and 30 constables in Washington county did not receive their quarterly returns. There was much chaffing when it was announced that the county commissioners had determined to refuse payment to officers who had failed to kill unlicensed dogs in their districts. Judge McVane had prepared them for the shock, explaining that the commissioners expected to hold back a penalty of \$2 for each dog not killed. The list of the townships in which the constables had not ventured forth on canine exterminating expeditions was read in open court. The judge remarked that out in his borough the dogs had been bothering his garden.

**RAILLOTS READY TODAY****Commissioners Will Deliver Them to  
Judges of Election Tomorrow.**

Special to The Courier.  
UNIONTOWN, May 12.—Ballots for next Tuesday's primaries are being received today in the office of the county commissioners. They are being tied in packages with the regulation election outfit and sealed. Tags, bearing the name and address of the judge of election in each district, are attached.

The ballots will be delivered throughout the county to the judges of election tomorrow, and they cannot be opened until the polls open at 7 o'clock next Tuesday morning.

Central District Scale Ratified.  
The new scale of wages in the Central Pennsylvania district has been ratified by a vote of the miners. Many miners idle during the ballot will now resume.

**SUGGEST A CLEAN UP FOR  
CHESTNUT HILL CEMETERY**

The suggestion has been made by a number of people who have occasion to visit Chestnut Hill cemetery that the clean-up spirit ought to prompt some of the citizens to make a removal about as an effective barrier to travel through the cemetery as a barbed wire entanglement of an European battlefield.

With Decoration Day a few weeks distant those who participate in the exercises of the day feel that the cemetery authorities and lot owners should bestir themselves to give the cemetery a complete cleaning up in order that its unsightliness may be removed and that access to all portions of it can be had with comfort and safety. To make such conditions possible will require considerable time and labor, hence the suggestion is made early so that it may be acted upon in ample time for that day when citizens generally make their annual pilgrimages to the silent resting places.

PAY OVER \$30,000  
TAXES THIS YEAR****Announcement After Com-  
pletion of Assessments  
for 1916.****CITY VALUATION \$5,191,976****City to Pay \$15,376 Toward General  
Expenses of the County; \$7,759 for  
Roads; \$4,192 for County Home and  
\$2,959 Tax on Money at Interest.**

Special to The Courier.

UNIONTOWN, May 12.—Property owners and voters of Connellsville are expected to pay to Fayette county this year \$31,548.26 in taxes. This announcement was made today by the county commissioners after the 1916 assessments for Connellsville had been completed. The entire valuation in the seven wards of Connellsville has been fixed at \$5,191,976, of which the real estate is assessed at \$4,726,861. The occupations are assessed at \$466,775. The value of 247 horses in the city are valued at \$18,550, and 60 head of cattle at \$1,990. There is \$747,418 at interest owned by Connellsville taxpayers.

Toward the general expenses of the county, the tax payers of Connellsville are expected to pay this year \$15,376.51. For the roads of the county they are required to pay in county road tax \$7,759.30, and for the upkeep and maintenance of the county home and children's home, the Young city must contribute \$5,192.66 as poor tax. Upon the money at interest, the county will derive \$2,959.79 from Connellsville.

The commissioners completed the work on the assessment rolls for Connellsville this forenoon. The county duplicate and the school books for Connellsville are now being prepared in the commissioners' office.

The assessments in each of Connellsville's seven wards are as follows: First Ward—Horses 33; cattle 5; money at interest, \$293,573; value of occupations, \$50,075; value of real estate, \$1,148,961; value of horses, \$2,475; value of cattle, \$250; total county valuation, \$1,201,751; county tax, \$3,605.31; county road tax, \$1,102.78; county poor tax, \$1,201.81; tax on money at interest, \$1,174.16. Health Authorities War on Expectoration on Sidewalks, Etc.

### DOLLAR FINE IN ORDINANCE

Protests Against Dumping Refuse in Public Places, on Ground of Unsanitariness as Well as Detrimental to Health of the Community Notes.

Special to The Courier.  
MOUNT PLEASANT, May 12.—The health board of Mount Pleasant has started a crusade against spitting on the sidewalks and in public places. This is in accordance with a state law and the board of health has asked the borough of Mount Pleasant to work with the board of health in this town for this purpose. Council had an ordinance that calls for a dollar fine for any person spitting on the sidewalk and the police committee will instruct their officers to enforce this law. The board of health will be compelled to take up the matter of spitting in public places and will enforce the law and those who are caught in this act must pay the penalty. This is the first move in the clean up movement of town. The board of health with the borough is making an effort to clean up the town and keep all persons from dumping refuse in public places over town as some of the places are unsightly as well as detrimental to the health of the public. The police officers and constables are making every effort to locate persons who do this dumping and punish them.

### INDOOR LIFE MAKES FAT

Try Out of Keren to Keep Weight Down or to Reduce Superfluous Fat.

People who are confined within doors and who are deprived of fresh invigorating air and exercise must take precaution to guard against over-stress, as fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unhealthy and unhealthy fat is the result. If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve strength and are constantly lowering your vitality by carrying this excess burden. Any person who is satisfied in their own mind that they are too stout are advised to go to A. A. Clarke a good druggist and get a box of oil of kerein capsules, and take one after each meal and one just before retiring at night. Even a few days treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; foodstuffs become lighter and the skin less flabby in appearance as superfluous fat disappears.

Oil of kerein is inexpensive, cannot injure, and helps the digestion. Any person who wants to reduce 15 or 20 pounds is advised to give this treatment a trial.—Adv.

Gossip and Disease, Says a Chicago Medical Authority.

Coffee is a world evil, a potent cause of domestic infidelity and divorce, of idle gossip and contributory to most of the physical ills man is heir to, from cancer to consumption.

This indictment of the world beverage was made yesterday by Dr. S. H. Auer in a paper read before a medical association in Chicago.

"You Never Go Wrong in the Right Store"

9x12 Axminster Rugs  
Saturday and **\$21.50** Monday only

You have your choice of four patterns to select from!

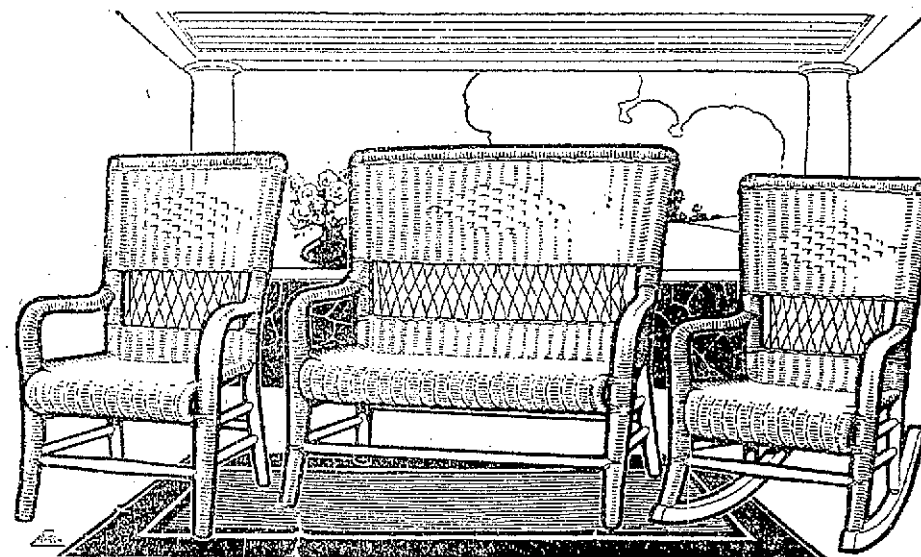

High pile of excellent quality

That's another remarkable feature about this announcement. We were able to buy these rugs in sufficient quantities to offer you the choice of four different patterns all at the same price, and all of the rugs of uniform quality.

The soft, silky sheen of these beautiful Axminster Rugs makes them particularly desirable, and being exceptionally well made, they will give long wear. The dyes with which they are colored are guaranteed fast, and they are full 9x12 feet in size.

## Kaltex Three-Piece Suite \$10.50

As Pictured

Kaltex Furniture is Practical. Fabric Noted for its Long Wearing Qualities. There's a Popular Demand for Kaltex Suites.

Because it can be used to equal advantage all the year 'round.

It is specially attractive in summer though, when on porch or lawn it offers a cool delightful seat for yourself and friends to pass a pleasant afternoon or evening.

Kaltex is so light that it requires no effort to move and its natural springiness makes it yielding to the body and most comfortable to sit in.

In spite of its extreme lightness, Kaltex fabric is so tough, tenacious and pliable that it will stand most unusual wear and tear without showing any signs.

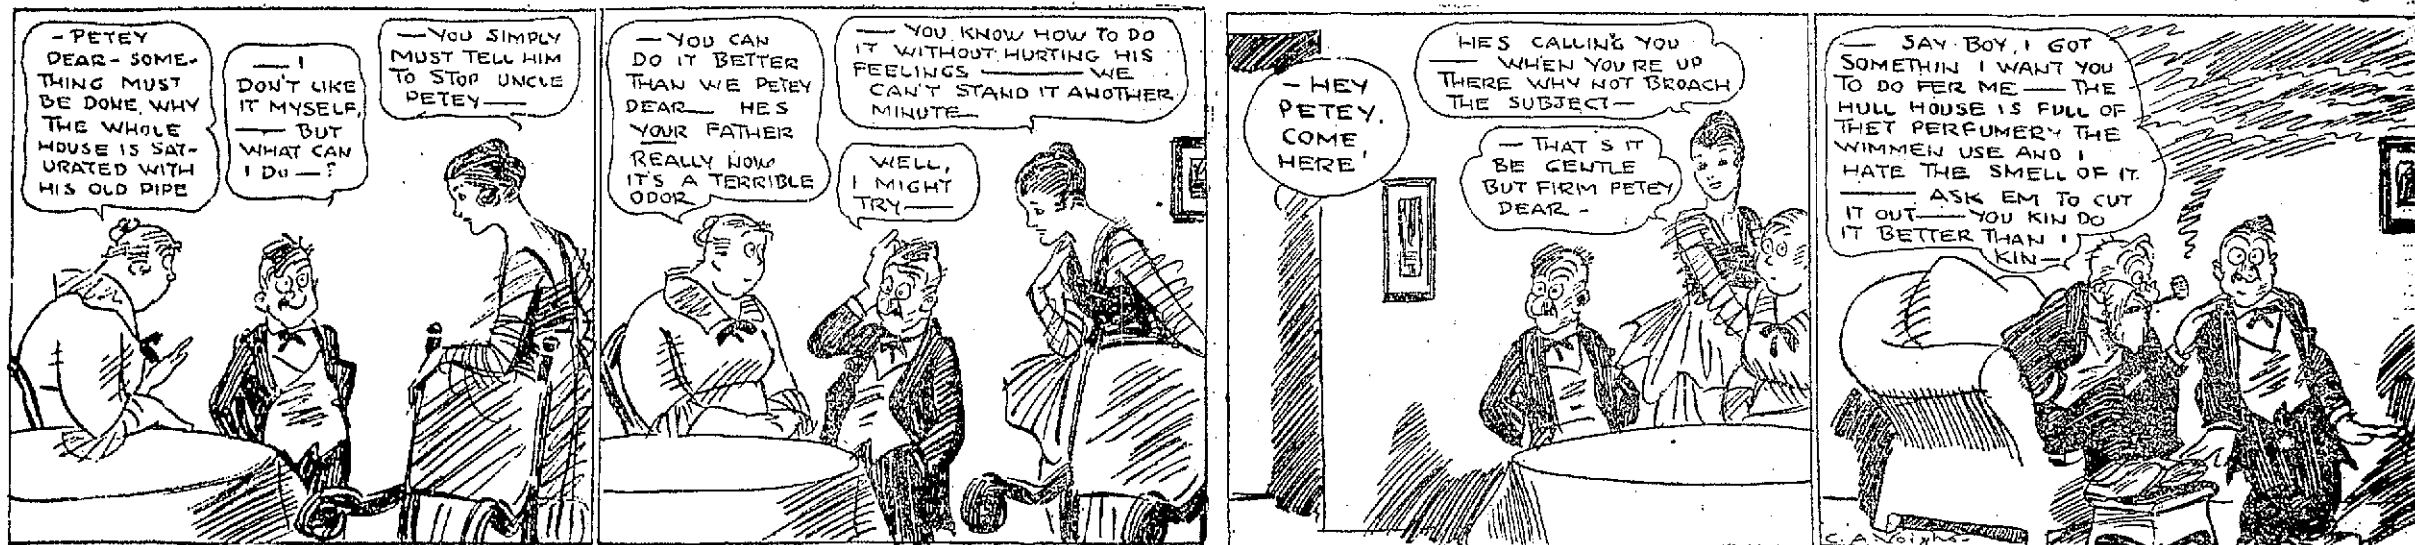

Rain, sun or dampness does not affect it and it will last for years and years and still be giving you service long after the price has been forgotten. A little trimming makes it fine for parlor use.

Kaltex is so very practical that it has sprung into instant favor in many cities and the factory is swamped with orders.

In face of these conditions we don't know how long we can maintain the special low price of \$10.50.

So if you want all the comfort you should have this summer, order your suite right away and don't forget that our easy credit terms are at your service.

## Now On and Will Last 8 Days

A store, like a man, is known by its works—so would we like to be judged by our record of the past 7 years. Each of those years stands as a mile-stone, marking the steady, upward progress of this business, from its modest beginning with limited space and capital to the present big establishment and having thousands upon thousands of dollars worth of merchandise.

You Who Have Helped in Our Upbuilding Should  
Share in Our Success

We would be narrow indeed if we failed to acknowledge that, without the loyal support of our thousands of patrons, our best endeavors would have been wholly barren of success. We have won your confidence and business, by the lowness of our prices, the desirability of our goods, the perfection of our service and business methods in general, so

# JOB OF MOTOR CAR CONDUCTOR IS NO LONGER SOFT BERTH

Now a Post of Honor, and Drivers Wear the War Cross.

IS USED INSTEAD OF RAILROAD

On 55-Mile Circuit Motor Driven Cars Provision French Army at Verdun Because Steam Road Proved Inadequate to Handle the Supplies.

By Associated Press.  
BAR-LE-DUC, France, May 12.—The post of military motor-car conductor, much sought as a sort of safe refuge near the front and a soft berth in the year during the earlier period of the war, has become a post of honor. Many drivers are now wearing the coveted war cross; a few of them have earned the military medal.

Motor car transport carrying men and munitions did what the railroads would have done had their lines been sufficient in the battles of Verdun. There was nothing but a local departmental narrow gauge railway leading from the empty depot, high up the front to the battle field, inadequate to bring up supplies alone, to say nothing of reinforcements, cannon and ammunition. To provision the army of Verdun it was necessary to exploit a circuit of 85 miles of road like a railroad with motor cars. The motor car acquired itself so well that it was cited in the order of the day of the army. Motor lorries and for tractors delivering his guns, motor carry-alls bringing up reinforcements, motor ammunition transporters succeeded each other around that 85 mile circuit at 20 second intervals amounted practically to the same thing as a railroad train 85 miles long.

The circuit is reserved exclusively for motor cars, and is explained by a commission at Verdun that nothing else than are that the route is kept free from obstruction, protected from the enemy's aircraft, and that the endless line of cars is kept in motion. All night as well as all day the line moves around the circuit. After dark a well organized signal service regulates the traffic and, as they approach the front, transmits routing orders to different detachments of cars by lantern signals. At times with the signals and headlights the long line resembles a gigantic glow worm crawling around the circuit.

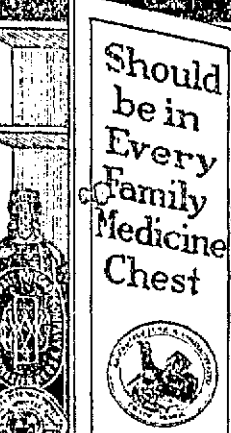

The route reserved to motor cars is divided into six sections, each with a chief who supervises repairs by strong crews of military engineers. In places where the wear has become excessive, and direct the police protection of the circuit. The same commission that keeps the route open and the cars moving supervises the loading of supplies and munitions at stations relatively remote from the front. The drivers of ammunition cars receive their orders on starting; their destination is one of the most closely guarded secrets for it is as important to protect the ammunition depot as from the enemy's indiscretions as from the enemy's exploding bombs. The spots are always chosen by expert eyes and solidly sheltered. On the return trip the motor car supply wagons bring back relieved troops, wounded men, or damaged war material.

During the 50 days of this intense circulation night and day, the movement of the cars has been so well regulated that accidents have been surprisingly rare. Casualties to drivers, also, have been comparatively few though the circuit is not out of range of the enemy's artillery. The heavier transports of material approach within a few miles of the firing line, the lighter cars much closer while the maintenance motor cars get right up to the front. The driver, of course, has contributed as much as the organization to the results obtained. He is generally a man of the auxiliary physically unfit for armed service, or a territorial. Most of them are volunteers—men who had been given quiet berths in the rear but who, tired of them after a few months, wanted to get into real action. They are more than adequately equipped here at present for the hours of rest are particularly coveted. Drivers sometimes, vanquished by fatigue, drop asleep on the seats of their cars, reawakened by the tap of public signal, often, just in time to avoid a catastrophe. The strain, physical and mental, is so great that the sick list is very long.

# SELLS COAL TO EGYPT

Great Britain Buys 700,000 Tons in Japan: Use in Price.

By Associated Press.

TOKIO, May 12.—In connection with the recent orders from Great Britain for 700,000 tons of coal to be delivered in Egypt several Japanese firms have entered into contracts with the British authorities for the supply of the whole quantity within a fixed period on condition that Great Britain sends steamers to transport the fuel.

As a result of the growing demand the price of coal in Japan has increased. In various official and private factories where war orders from Russia and other countries are being filled, measures have been taken to purchase large quantities of coal in view of the upward tendency of the market.

## GETS IRON CROSS FOR CAPTURING A FRENCH COMPANY

Daring Deed of German Sergeant Utecht and Two Corporals.

WENT INTO BOMB-PROOF ALONE

Surprises French Captain Whom He Conquers, Under Threat of Shooting to Order Command to Surrender at the Edge of a Woodland.

By Associated Press

BERLIN, May 11.—A deed tanking for sheer audacity with the capture of one of the Namur forts by Lieutenant von der Lunde and four men is chronicled of Sergeant Utecht of the Thirty-Ninth Reserve Infantry Regiment, who in the early fighting around Verdun made an entire French company prisoner. He was backed in his undertaking only by two corporals, Utecht, who had been promoted to first lieutenant rank, was sent out on the second day of the Verdun battle with a patrol to locate the positions of the French troops, who had been driven several miles back from their original positions and were endeavoring to form a new line in the woods north of Dommout. Wandering through the woods in the darkness, Utecht spied a light and heard voices proceeding from a bomb-proof and determined with his two followers to attempt to surprise them and make them prisoners.

While the two corporals stood ready with hand grenades and rifles, Utecht sprang down into the bomb-proof and seized the first surprised French officer by the arms. He proved to be a captain of infantry. Without giving him time to recover

from his surprise Utecht demanded: "Where is your company?" After an instant's hesitation the captain replied that the company lay on the edge of the wood and that he had communication with it by relays. Utecht then ordered the captain, under threat of shooting him, to send his company an order to surrender. The captain actually sent the order to the company to "fall in without arms in the clearing near the bomb-proof for surrender, as we are surrounded." This occurred and Utecht, holding the captain and lieutenant as hostages at the muzzle of his revolver, was able to lead the entire company back to the battalion before the Frenchmen discovered that they had been deceived. He received for his deed the Iron Cross, first class.

## THIN MEN AND WOMEN

Here's a Safe and Easy Way by Which You May Gain 10 Pounds or More of Solid, Healthy, Permanent Flesh.

Thin, nervous undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and band them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the assimilatory canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and tell of firm, healthy flesh form over your body, covering each bony angle and protecting point. All good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

NOTE.—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Adv.

## MORE RHEUMATISM THAN EVER BEFORE

Clergymen, Lawyers, Brokers, Mechanics and Merchants Stricken.

Our old friend rheumatism is having his funing this year, and a few words of caution from one who knows all about it may not be amiss.

Wear rubbers in damp weather keep your feet dry, drink plenty of lemonade, and avoid strong alcoholic drinks.

If rheumatism gets you, or seizes on, and you have sharp twinges, gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists know about Rheuma, its harmless, yet powerful, cheap yet rare, and a 50-cent bottle will last a long time. Ask A. A. Clarke or any druggist—Adv.

Of Property From Renting to Violators of Liquor Law in West Va.

Injunctions have been granted at Wheeling against property owners to restrain them from renting buildings to illegal liquor sellers and also injunctions against the latter to restrain them from selling.

It has been found that indictments for violations of the liquor laws can be secured, but juries will not convict. Under the injunction plan the anti-Saloon League expects to have both proprietors and sellers sent to jail for contempt of court if they violate the injunctions.

## GIRL COULD NOT WORK

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLAUDE MORSE, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

## TANLAC STORIES FROM PITTSBURG REALLY AMAZING

Harry Sellers, Well Known  
Railroad Man, Praises  
Remedy Highly.

Tanlac, the celebrated new preparation that is now being introduced for the first time here, is the most successful proprietary medicine ever before distributed in America. In thirty states of the Union, millions of residents are now taking the master medicine and expressing an abiding faith in its remarkable powers over stomach, liver, kidney and catarrhal affections.

The astonishing success of Tanlac in Pittsburgh, where it is making the record-breaking sales of more than 1,000 bottles a week, is a striking example of the enormous demand for the premier preparation. Pittsburgh, too, is known the world over for its conservative citizens and only unusual merit can bring forth such high approval from her residents.

The stories of Tanlac's success in Pittsburgh are amazing. Scores of merchants, bankers, professional men, manufacturers and the highest class of mechanics and laborers, as well as innumerable women, have come forward to recommend Tanlac for what it has done for them.

Harry C. Sellers, who has been train caller at the Pennsylvania railroad station in Pittsburgh for twenty-five years, and who is known to almost every man, woman and child in Western Pennsylvania, says:

"I have suffered for the past 10 years with stomach trouble. At times it was so painful that I could hardly stand it.

"I decided to try Tanlac, and I must now say that Tanlac has certainly surprised me. The soreness has all gone out of my stomach. I now enjoy my meals and feel fine. I am going to continue taking Tanlac, as I feel sure that I have, at last, found what I need to cure me completely and permanently. I can sincerely recommend Tanlac and I hope all my friends who are now suffering as I was, will give it a trial, for I believe it will help them, too."

Tanlac, the "Master Medicine," referred to, is now sold here by the Connelville Drug Co., where it can now be had.—Adv.
